Scalability & Future Plan

PocketSmart AI – Smart Budget and Recommendation AI

Valliammal College for Women | Department of BCA

Priya (Team Leader), Saira Banu, Harinishree, Pooja Shree, Lavanya

Future enhancements

• Add more planning scenarios

• Connect live product/price APIs where appropriate

• Improve recommendation personalization

• Add stronger analytics and history features

• Deploy to a production hosting environment

• Improve automated testing and monitoring

Scalability

The modular routes/services structure provides a foundation for adding planner types and services without redesigning the entire interface.
